Japanese Art in Beirut

A unique Art is brought to us this December, 2013, by Japanese Artist, Kiyoko Minami, Flower Art Painter presenting her work and skills at Four Seasons Hotel Beirut.

The renowned Flower Atelier based in Japan is delighted to announce “**The Japanese Art Exhibition**” by **Kiyoko Minami**, Japanese Flower Painting Artist from Osaka. The exhibition will be hold under the Patronage of the Japanese Embassy in Lebanon.

Place : the Promenade Room of Four Seasons Hotel Beirut
Date : 22(Sun), Dec, 1:00 pm to 7:00 pm
25 (Wed), Dec, 1:00 pm to 7:00 pm

More than quarter of a century has passed since her dedication to the Japanese Art Painting. From Childhood, she has been a passionate lover of flowers and after having travelled around the world, she decided to find a way to express her identity as a Japanese. She mastered many arts and different flower methods, and at some point of her life, she encountered a method called “Ippitsugaki (one-line drawing), which is a very simple, sensitive and beautiful way of drawing.

The exhibition features her signature Wall Roll, Folding Screen, Frames and Boxes. Her recent art work will be introduced to Beirut with the use of the famous cedar wood from Kyoto, which achieved a reputable success in Osaka and Kyoto exhibitions. In addition to art paintings, she draws beautiful motifs on clothes and fabrics by using the Yuzen method for Kimono belt, that will also be displayed during the exhibition for sale.

Thanks to the opportunity given this time, we are honored to hold the exhibition in Lebanon, where many beautiful people exist, who understand the beauty of the Japanese art.
